Competition Website

COF Contests – To register and participate in the Practice Test, Level I and Level II, go to www.cofcontests.com.

How to Assemble a Leadership Team

- Leadership Team = 4 primary members and 2 alternates (online only).
- Cadets on the Leadership Team may NOT participate on the Academic Team.
- Select current or upcoming leadership within the unit – juniors or sophomores. It is strongly recommended that your Leadership Team consist of the four cadets that will be the top leadership within your JROTC unit during SY 2018-2019.
- NO freshmen or seniors may participate.

Each JROTC unit will be allowed one Leadership Team consisting of **four cadets** - they may be sophomores or juniors. **Neither freshmen nor seniors may participate on the team.** Leadership Team members may NOT participate on the Academic Team. Two alternates may be named and may participate in the online testing in case a team member must drop out before the end of the competition; however, alternates are not required. If your unit is eligible to participate in the final competition in Washington, DC, **only four team members may attend JLAB. Alternates will not be allowed to attend JLAB; however, we will be live streaming many of the main events in DC including the Championship.**

Selecting Team Members

It is strongly recommended that your Leadership Team consist of cadets that will be the top leadership within your JROTC unit during SY 2018-2019. Instructors may otherwise assess and select potential team members using any criteria. Some suggested selection methods are ~

- Peer selection boards (e.g. interviews, essays)
- Leadership assessment tools (e.g. military, business or government)
- Teacher or school leadership recommendations
- GPA
- Performance on the Practice Test (details below)
- Overall enthusiasm for the competition

PRACTICE TEST (October 1-25)

The Practice Test is taken individually, not as a team. The Practice Test consists of 25 questions similar to those questions in Levels I and II. There are a total of 50 questions in the bank of questions, so cadets may take the test more than once and see new questions each time. The Practice Test is open to all cadets in the unit and is a great way to evaluate your entire unit's understanding of JROTC curriculum and general subjects. We encourage all cadets in the unit to take the Practice Test at an internet-accessible computer either in the classroom, at home, in the library, or other location. The cadets should logon to www.cofcontests.com, select Army Leadership Bowl, answer the questions and print out their scores to turn in to the instructor. COF does not retain practice test scores. It is up to each instructor to review the scores and determine members of the team.

The Leadership Championship (JLAB)

Teams advancing to JLAB in Washington, DC will be notified by email as soon as the results of Level II are verified. Forty (40) Leadership Teams will advance to JLAB and compete for the title of the best Army JROTC Leadership Team. If your team is selected to attend JLAB, here is what you can expect:

1. JLAB Leadership Team Projects – from 14 March to 21 June 2018 your team will:
 - participate in a JLAB 2018 Leadership Program virtual classroom: Edmodo
 - participate in a virtual scavenger hunt of a national memorial or museum (to be determined) and prepare a plan to visit that and the other memorials and museums in Washington, DC in an experiential learning exercise.
 - collaborate with other teams to develop a presentation on an Army Core Value/Character Trait to be completed and delivered at JLAB
 - participate in a service project to support the residents of the Armed Forces Retirement Home – DC (optional)

NOTE: During this process (March – June 2018), your team will have established suspense dates to complete the assignments. Failure to meet any one of the suspense dates may result in a team being eliminated from further competition and replaced by another qualifying team.

2. Leadership Bowl Championship (Saturday, 23 June and Sunday, 24 June): Leadership Teams will compete in oral, written, and hands-on tests, examinations, assessments, and activities. The teams will rotate among seven (7) venues. These venues are:
 - a. **The Leadership Gauntlet** – you will rotate through 10 stations each containing a comprehensive leadership question requiring the team to answer by way of a distinctive computer or manual response.

- b. **Leadership According to the Greats** – A test of your team’s knowledge of the lives, careers and leadership principles, tenets, rules and lessons of Generals Marshall, MacArthur and Powell. The test will be administered to you as a team and your responses will be submitted and recorded electronically on the QT2 classroom examination system.
 - c. **JROTC Leadership Knowledge Assessment** - This examination will test your individual knowledge of the leadership and leadership related information contained in the JROTC curriculum. You will take this exam individually and your scores will be combined with those of your teammates to formulate a team score. Your answers will again be submitted and recorded via QT2.
 - d. **Leadership Outside the Box** – This venue will assess the leadership knowledge of your team, but the questions will be presented in different ways (using pictures, videos, audio clips as well as straight forward questions) and the questions will be more complex and wide-ranging. Again, QT2 will be used to take this exam. You will take this exam as a team.
 - e. **JLAB Leadership Forum** - Your team will be assigned to a group of 10 JLAB leadership teams where you will complete and deliver the presentation on an Army Core Value/Character Trait that work began in the virtual classroom.
 - f. **The JLAB Situational Leadership Challenge (SLC)** – Many of you have been to JCLC and have negotiated a Leader Reaction Course. Using that concept, but not making them as dependent on physical ability as those at JCLC, we have developed four leader/team activities that will test and assess your individual and team’s capabilities in decision making, planning, organization, team work, communications, collaboration, brain storming, problem solving, cooperation – all important components of leadership.
 - g. **Experiential Learning** – Reflecting on your JROTC lessons and the JLAB experience, you will enhance your understanding and knowledge of leadership, US history, government and key historical figures by visiting those sites or exhibits contained in your scavenger hunt report and exploring the nation’s monuments and museums in Washington, DC.
3. Teams will be allowed to bring four cadets and one instructor to JLAB. Additional male and female chaperones will be on staff at JLAB; however, a chaperone from the high school may also attend if required by the school administration. Alternates will NOT be able to attend JLAB 2018.

Travel costs, gas prices, additional airline fees and, most importantly, cuts in educational funding, require that we are all as frugal as possible in our travel arrangements. Travel costs directly related to the event will be covered, but we will endeavor to minimize travel costs where possible and we hope the instructors will assist us in that area.

Team travel expenses will be individually calculated based on your location and mode of transportation. Travel expenses that are covered include:

1. airfare or mileage (if driving)
2. ground transportation to/from Washington, DC airport to competition site
3. incidentals – baggage, tips, etc.

The amount of the travel allowance will be determined by the location of the team and the average cost of travel from that area. Travel allowances will not exceed \$3,500 per team; (this is a maximum amount, not a per team allowance) however, few teams, other than teams traveling from abroad, will require that amount. If travel costs are determined to exceed the authorized limit, the team may choose to either:

1. fundraise to collect the balance of the travel costs OR
2. receive a plaque and certificates of achievement donated by the Foundation in lieu of traveling to JLAB.
